It's Our 35th Anniversary!

The Blessings of Coming Authority *under*

"In my upbringing I never had authority - it was completely the opposite. It was all down to me. I took that all through my life. *This is my testimony about coming under authority.* I was speaking to Pastor Marion & we realised that we weren't under *any* authority. She suggested we look at the John Bevere teaching titled '**Undercover**' about being under Godly authority. (*Available at the bookshop*). We did & it really spoke to us. I particularly took it on. I didn't really recognise government authority. I could be very submissive but not in my heart and that was the difference. I could appear to be submissive and to be coming under authority but not on the inside. I realised I had to submit & that there would be a series of submissions - at work; to the church; to the authority of the government. I started finding my true place. So, after praying I wrote a letter of submission to the ministry & came under spiritual authority & likewise at work. I wrote to my boss & I came under his authority. I had never done that. I have always been an independent person. As a result of all this was a change of heart & repentance. My team at work submit to me now. I never asked them for it. I submit to my boss - he treats me very differently. Things are different at home. I've got the authority. It's been given to me spiritually by God and my family respect that.

I sat down with my boss after submitting to his authority. Recently my car had been written off. My boss knew and said, 'Right, don't worry I'll buy you one. What do you want?' I thought, 'Well I know what I've always liked and wanted' and told him and he said, 'Fine - go ahead and get it sorted.' An example of what can happen with real, genuine submission! A genuine change of heart. Genuine repentance. I thank God!" **Dan**

Testimonies from the above meeting on 'Clean Up Your Life'

"My husband started having bad dreams so we asked the Lord as to the cause. We realised they started when we were given a leather suite. On investigation we found a martial arts item in it which we destroyed. The dreams stopped! We also sent any other spirits that were here packing. My husband now doesn't feel as if an ungodly presence is watching him! Thanking the Lord that has now gone!" Anon

HEALED! NEVER Give Up!

"Years ago, I had a row with one of my best friends over his wife who was suffering with ME. His point was that if God could heal her why wouldn't he do it through his prayers. My point was that the Bible tells us that to some is given the gift of healings..."

So I took two years to persuade him to take his wife to your ministry, where she was totally healed after many years in bed! Thank you all!" *Praise God!*
